## TerraGrate Non-Slip Safety Stair Nosing

TerraGrate high visibility, anti-slip, stair nosing can be customised to fit any sized step or stair. Hard wearing and durable it is ideal for use in high-traffic and wet environments including marine, industrial, commercial and public applications.

TerraGrate non-slip surface grit is specially formulated to exceed the highest P5 slip resistance rating under the AS/NZS 4586:2013 standard for pedestrian surface materials.

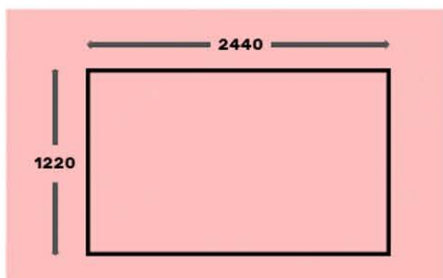

Ultra durable Fibreglass Reinforced Plastic (FRP), rigid stair nosing is UV stabilised and can be secured using adhesive, bolts or screws making it the perfect solution for any type of step.

Standard stock safety-yellow stair nosings are available in 25mm or 38mm deep and 75mm wide and in any length up to 3660mm. TerraGrate nosings are also available for pre-order in widths up to 100mm and a variety of colours.
